EDUCATION

United International University **Dhaka, Bangladesh**

Bachelor of Engineering in Computer Science and Engineering 2022--Present

- Among the top 15% of the batch
- Major: Data Science

SKILLS

Technical: SQL, Python, C, C++, Java, PHP, HTML, React, Node, Statistics, Machine Learning, scikit-learn, pandas, NumPy

CERTIFICATIONS

- Python Complete Course – Udemy
- PHP and MySQL for web development – Udemy
- Data Entry Course – Nation IT BD

EXPERIENCE

Freelance Data Entry & Web Projects

Remote

Jan 2024 – Present

- Completed multiple freelance data entry projects with 100% accuracy and timely delivery.
- Built responsive websites for small businesses using React, Tailwind, JavaScript, and MySQL.
- Communicated with clients to gather requirements and delivered customized solutions.

University Coursework & Lab Projects

Dhaka, Bangladesh

2022 – Present

- Designed and implemented mini-projects using Python, SQL, and Java as part of coursework.
- Participated in regular debugging, code reviews, and project presentations.

PROJECTS

i. The Nocturne — Restaurant Management System [Link: www.nocturne-rms.netlify.app]

- An Developed a full-stack restaurant app featuring guest menus, interactive 3D table reservations (Three.js), and a drag-and-drop Kitchen Display System.
- Built using React, TypeScript, Tailwind CSS, and a live Firebase backend for real-time data and role-based access.

ii. Student Dropout Predictor

- Built an end-to-end ML web application predicting student dropout risk using a Random Forest Classifier (scikit-learn, pandas).
- Developed a Python/Flask backend and a responsive UI (Tailwind CSS) to process academic metrics and deliver real-time risk probabilities.

iii. Special Child Development Care Management System [Link: www.innerstrength.site]

- A web-based application responsive site for managing a whole company
- Real-World Project for Inner Strength Child Development Care BD
- Built using PHP, HTML, CSS, JS, MySQL, Bootstrap etc.

ACHIVEMENTS

- Developed and deployed 25+ academic and personal projects using Java, PHP, React, and MySQL
- Participated in inter-university coding competitions and secured top 10 positions among 500+ participants
- Active contributor to open-source projects and technical communities on GitHub with 150+ contributions
